Hong Kong is facing a growing demand for end-of-life care services in the community due to the rapidly ageing population. This imposes great challenges for social workers across different service settings. This training will cover specific topics derived from the JCECC Project End-of-Life Care Core Competency Framework including (1) overarching values & knowledge, (2) self-care & self-reflection, (3) communication skills, (4) optimising comfort and wellbeing of patients, (5) psychosocial and spiritual care, (6) end-of-life decision making and (7) bereavement care.

**Prerequisite:**  
Participants are required to complete the Basic Module of the JCECC Community Psychosocial End-of-Life Care professional online training course at [https://foss.hku.hk/jcecc/online/Basic_Module/course_intro](https://foss.hku.hk/jcecc/online/Basic_Module/course_intro) before the confirmation of their registration. The total training hours will be 16 including 7 hours of online training and 9 hours of live tutorials via Zoom.

*The registration quota for this workshop is 60 and registration will only be confirmed upon completion of JCECC online training (Basic Level)*  
*No placement hours will be counted towards this workshop*  
*Certificate of attendance will be awarded to those who have attended at least 80% of the training workshop*  
*Training will be conducted mainly in Cantonese supplemented with English*
